WITH STEFAN DIEZ ON KALDEWEI
MEISTERSTÜCK OYO DUO

This common basis characterises the idea for magnificent product design and passion for ecology. DIEZ OFFICE designs and develops products for everyday use, with a special focus on exploiting the potential of the circular economy.

With the freestanding bathtub KALDEWEI OYO DUO he created a charming design sculpture, which harmoniously integrates itself into the bathroom, where it appears to almost float and hover above the floor.

Inspired by Japanese porcelain design, the double-walled product impresses with its minimal organic lines and elegant functionality.
