NATURE, suavidad pétrea en suelo y pared.

Nature es la colección pétrea de Peronda por excelencia. Líneas suaves y compensadas inspiradas en las piedras cardoso y cuarcita. Tonos neutros aptos para todo tipo de proyectos que pretenden crear espacios calmados, completos y con un punto de distinción. Naturaleza dentro y fuera del hogar sin perder un ápice de calidez y suavidad, pues incluso su versión antideslizante es agradable al tacto.

NATURE: Smooth stone-effect wall and floor tiles

Nature is an outstanding stone-effect tile collection by Peronda, with a smooth balanced design inspired by Cardoso stone and quartzite. Its neutral colours are perfect for any setting where a restful, well-rounded look is sought with a clear touch of distinction. Nature can be used both inside and outside the home, without relinquishing any of its superior quality or smoothness because even the non-slip version is pleasant to the touch.
