KALDEWEI NUIO DUO ZEN EDITION

WHERE WARMTH, LIGHT AND SOUND BRING HARMONY TO YOUR WORLD

The NUIO DUO ZEN EDITION is a new generation of luxurious wellness bathtubs that combines innovative high-tech features with centuries-old Zen philosophy. The bathtub becomes a private retreat where infrared heat and sound waves gently embrace you and atmospheric lighting accompanies the rhythm of your breathing – in a multisensory symphony that brings stillness to body and mind.

The elegant control panel ensures individual and intuitive control of all features:

HEAT WAVE

Infrared radiation has an immediate and deep effect, enveloping every solid object in a room. Like the gentle glow of a tiled stove or the powerful rays of the sun on a glacier, it penetrates the skin with soothing energy.

AMBIENT
LIGHT

Adaptive ambient lighting accompanies such moments of deep relaxation. Softly flowing light displays with a broad colour spectrum create a mood-enhancing ambiance and soothe the eyes.

SOUND
WAVE

With KALDEWEI SOUND WAVE, you can literally immerse yourself in your favourite songs. The invisible sound system transforms the bathtub into a 360° sound box and provides a unique musical experience that can be felt above and below the water.
