SKIN TOUCH

Indulges skin and senses

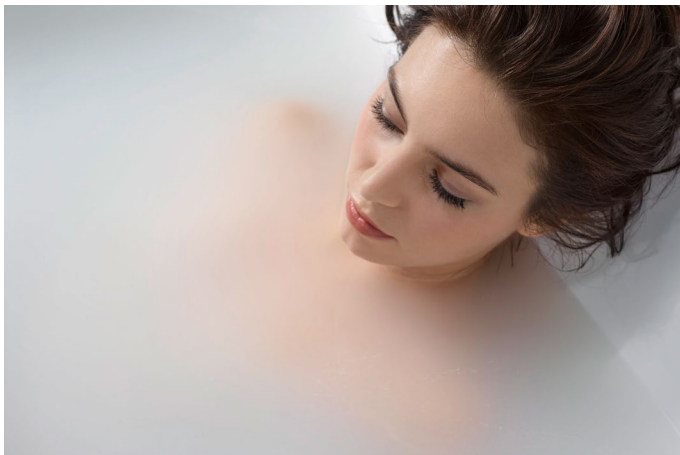

SKIN TOUCH enriches the water with millions of micro sized air bubbles that are up to 100 times smaller than those of whirl systems. The bubbles are evenly distributed in the water and form a gently pearling mixture of air and water. This stimulates the skin cells, gently cleanses them and makes them noticeably smoother. A care effect that can be continued as often as required with each subsequent bath.

TRANSFORM YOUR BATHROOM INTO THE PERFECT BEAUTY OASIS

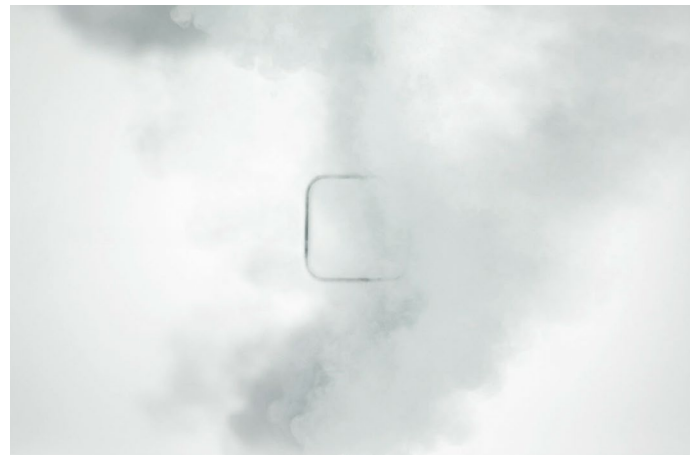

SKIN TOUCH is bathing pleasure and skin care in one: completely natural with the power of oxygen. SKIN TOUCH enriches the water with millions of micro sized air bubbles that are up to 100 times smaller than those in whirlpool baths.

A CONCEALED JET RELEASES MICRO SIZED AIR BUBBLES INTO THE WATER.

YOUR SKIN IS DELICATELY CARESSED, GENTLY REVITALISED AND DEEPLY CLEANSED.

THE MICRO-FINE AIR BUBBLES ARE DISTRIBUTED CALMLY AND EVENLY – LIKE BATH MILK.

THE RESULT IS SUPPLE AND REJUVENATED SKIN THAT FEELS VELVETY-SOFT AND SMOOTH.

AND WITH THE SKIN TOUCH EMOTION FUNCTION, YOU CAN ROUND OFF THE SENSUAL BATHING EXPERIENCE WITH ATMOSPHERIC SPECTRAL LIGHT.
